

# M-100 Optional Power Supply Kit

## Installation

1. Attach the Power Adapter Cable and the Microphone cable (supplied with M-100) together, and then connect them between the modular "MIC Jack on the M-100 microphone, and the "MIC" jack on the transceiver.
2. Connect the Power cable between the AC adapter and Power Adapter Cable.

## ! Caution

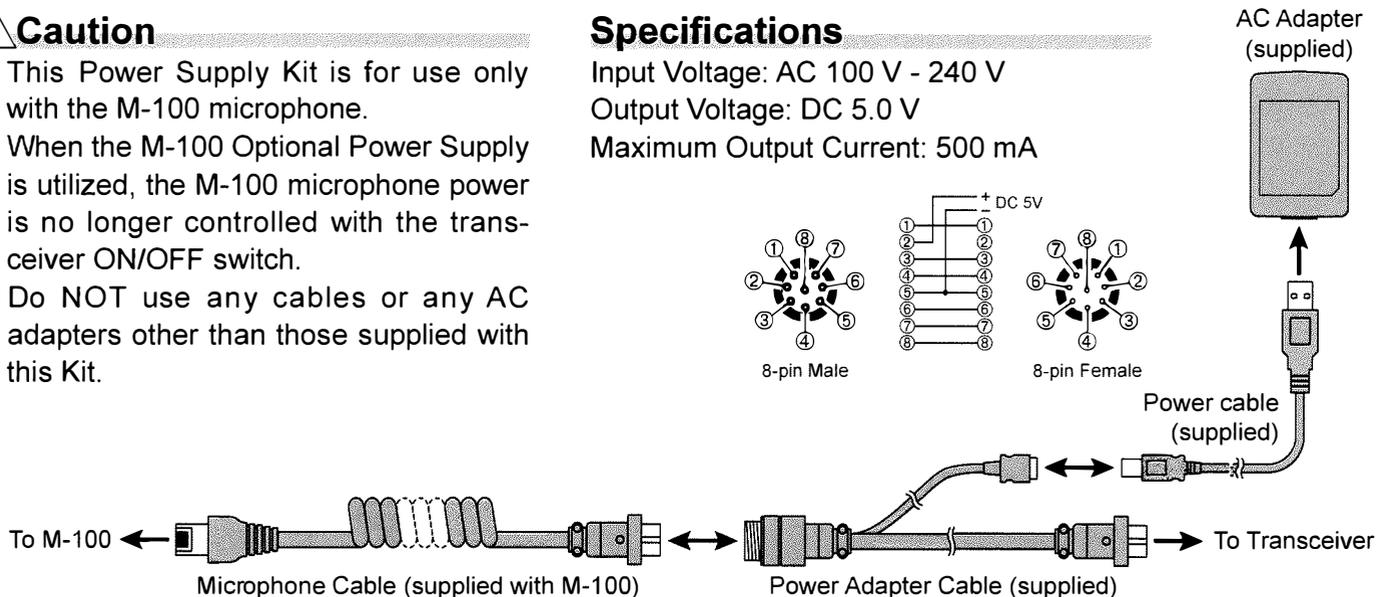

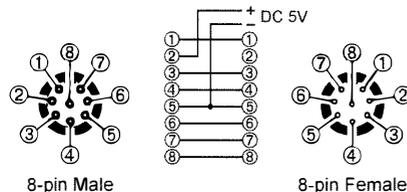

- This Power Supply Kit is for use only with the M-100 microphone.
- When the M-100 Optional Power Supply is utilized, the M-100 microphone power is no longer controlled with the transceiver ON/OFF switch.
- Do NOT use any cables or any AC adapters other than those supplied with this Kit.
