Mr. Henry Kao

The following letter is for clarification purposes and clarification only. It was brought to my attention by Mr. Ryan and Anthony Migliori you have intentionally provided the Migliori's with a ban as to the usage of your repeater. We would like to clarify, you have made your decision on the Migliori's and the usage of your repeater in writing. My office is requesting if the Migliori's are terminated from the usage of the repeater, you provide a letter in writing as to the reason why you have terminated there usage. You are continuously harassing my clients and using inappropriate language towards the Migliori's. We will no longer tolerate the harassment and the inappropriate language used towards my clients. You will immediately remove the Migliori's from any posted or non posted banned list and stop the harassment.

If there is or has been any confusion in regards to the usage of your repeater please provide us a letter in writing stating the Migliori's are not banned from the repeater and are free to use the repeater at will. Please make sure you clarify there was never a ban and there was miscommunication as to the statement or comment made.

Our office would like to resolve this matter as promptly as possible, therefore, we would like an immediate response. Once again this letter is for clarification purposes only. If you fail to respond to our request within 14 days we will have to start legal proceeding. If you wish to resolve this matter via telephone please feel free to contact my office.

Thank you for your cooperation
